CASTON JR/SR HIGH SCHOOL ATHLETIC HANDBOOK

PHILOSOPHY

The Caston Student Athletic Handbook is intended to serve as a guide for more effective operation of the athletic program of the Caston School Corporation. It is hoped that written rules, regulations, and policies will lead to a clearer understanding between the staff and those whose responsibilities fall within the Athletic Department.

Interscholastic athletics are very important and vital in the total program of the education of our youth.

Participation in sound athletic programs contributes to their health and happiness, physical skill, emotional maturity, and social and moral values. As has often been said, "Anything worth doing is worth doing well." With such a belief, our aim is to present our athletic teams on a high level of performance.

We feel that the Athletic Department must be a cooperative one. All sports should be considered in their proper perspective with each other and with the total school. Moral support of the entire sports program and policies is expected of all coaches.

We encourage each of our athletes to reap from athletics all it might have to offer you as an individual; but the rewards that you will receive from the athletic program correlate directly with what you, the athlete, are willing to give of yourself to that program. If the program is worth the time and effort required, then it is certainly worth giving your all. No athlete has ever experienced total satisfaction without living with the concepts of discipline and sacrifice. These two concepts will be offered to each of you during the coming seasons this year and in the future. You will be asked to make sacrifices for something that you profess to believe in. We hope that you find our athletic program a total rewarding experience, but again emphasize that you will get out of the program only what you are willing to put into it. We will offer to you the sacrifices and disciplines that we feel are essential to successful athletics. The acceptance or rejection of these concepts is a decision that each of you must make individually. All training rules and code of conduct violations and penalties will be in force 365 days a year, on or off school grounds, grades 7 through 12.

Athletics is probably the most important single factor in the school life of many boys and girls, and undoubtedly an important influence in athletics is the personality of the coach. His or her standards are the athletes' standards, their example, and their aim. Coaches have a tremendous responsibility. In taking their place in school life, they are making more than their own reputation or even the reputation of the school. They are developing the character of youth.

The athletes' gain depends on what they are willing to put into the athletic program. They should be able to improve their playing skills and develop physical vigor and desirable habits of health, safety, and sanitation. There should be various opportunities to observe and exemplify good sportsmanship. **Athletes should realize that athletics is a privilege that carries with it definite responsibility.** Athletics provide an unequalled opportunity to widen one's circle of friends by acquaintance with members of opposing teams and to visit and play in their communities. As athletes, they have a chance to enjoy one of the greatest heritages of youth, the privilege to play. **Athletes can be taught that a violation of the rules of the game brings penalty, and that this same sequence follows in the game of life.** Let us always remember that athletics are organized for transforming boys and girls into physically fit, mentally alert, morally clean, and socially sound citizens.

As a member of one of our athletic teams, you are part of a program that has become a way of life for the members of the Athletic Council. It is our sincere desire to be of assistance to each of you in any manner that we can. Please feel free to discuss your problem or frustrations with any member of our council.

CODE OF CONDUCT

1. A student becomes an athlete whenever he/she starts practicing for a Caston athletic team. The athlete status remains in effect until the conclusion of the spring sports season of that athlete's senior year.

2. The Caston Athletic Discipline Code is enforced 365 days per year. The code includes athletes in grades 6-12.
3. This athletic code applies to students involved athletics such as athletic teams and cheerleaders.
4. All athletes attending Caston Jr/Sr High School are subject to the rules of the Athletic Code.
5. Unless there is a major change in the Athletic Code, athletes sign the Athletic Code once and it remains in force as long as they participate in athletics at Caston Jr/Sr High School.
6. All athletes are subject to the Athletic Code 365 days a year (1 calendar year). All Reports of athletes who violate Caston School athletic rules and procedures will be investigated.
7. The athletic director and/or principal will notify athletes of the violation and consequences. In the event an athlete feels he/she has not been dealt with fairly, he/she may appeal such decisions to the Athletic Council for a special hearing.

SPORTSMANSHIP

1. Display exemplary SPORTSMANSHIP.
2. Bring nothing but credit to him/her, the athletic program, and the school.
3. Display proper respect for those in authority, including teachers, coaches, officials and all your opponents.
4. Use language that is socially acceptable. Profanity, vulgar talk, and obscene gestures will not be tolerated on or off the playing surface.
5. Because of the athlete's high standing in the school and community the athlete must never place himself/herself in a position where he/she has to defend his actions on or off the field.

Conduct in Participation

1. It is courteous to congratulate your opponent after an event. However, if there is nothing good to say to your opponent, quickly leave the court or field after making their acknowledgment.
2. A false athlete often displays fits of temper, clowning, etc. when things fail to go as desired. This shows a distinct lack of mental maturity. A true athlete has complete control of him/herself at all times.
3. Officials do not lose games for you. It is an athletic tradition and rule that no one except the appointed captain talks to the officials. He/she should speak only in a tone of respect and only ask question for full clarification of violation.
4. Any behavior contrary to that, which has been stated, is a direct reflection on the school, team, and coaches. It will not be tolerated.

Conduct on Road Trips

1. On trips, athletes directly represent the community, school, and coaches. Therefore, it is expected that all concerned will act in an acceptable manner when traveling and conduct themselves on the bus in a manner in keeping with the rules. Equipment and facilities of the opposing school will be respected and cared for just like personal equipment

Conduct in the Classroom

1. Student/Athletes being a disruptive influence on the discipline, good order, morale or educational environment in the school may jeopardize your participation in Caston athletics. Students assigned to in-school suspension (ISS) will be subject to non participation on that day pending coach/administration discretion. Student suspended out of school (OSS) Will not practice or play on day(s) of OSS.

RULES AND POLICIES

1. The coaching staff and administration believe that when a student participates in sports at Caston he/she assumes responsibility. That responsibility is to represent himself/herself, his/her school, family and community in the finest possible manner.

2. Thus our athletes are expected to set positive examples of leadership, attitude, cooperation, sportsmanship and conduct throughout the school and community. Our athletes reflect not only a personal image, but an image of our teams, our school and our community.
